**RESPONSE TO NOTICE OF ALLOWANCE
AND FEE(S) DUE**

Sir:

In response to the Notice of Allowance and Fee(s) Due dated January 27, 2005,
Applicants submit herewith the Issue Fee Transmittal Form, PTOL-85B, together with an
authorization to charge the payment of the issue fee and fee for ten soft copies to the Deposit
Account No. 06-2143, Order No. 12295-1.

The Applicants submit that the invention set forth in each of the claims is
patentable for reasons set forth in the specification and multiple Responses to Office Actions
issued during prosecution of the present application.

Specifically, in addition to the Reasons for Allowance enumerated by the Examiner, Applicants believe that the prior art of record does not teach, disclose or suggest a network security system having a security subsystem connected to some devices on the network and a master system placed outside the network, being connected to the subsystem via a secure link and monitoring the integrity of the security subsystem.

Respectfully submitted,

Dated: West Orange, New Jersey
